## **TIES**

In the event of ties, winners of scratch events (Men's Championship) will be decided by a three hole play-off. If it is still a tie, a sudden death play-off will apply from the 4th tee onwards.

Ties in Limon Gold Medal play-off will be decided over 18 holes at a time arranged by match committee. If still a tie, a play-off over three holes as for championships, etc.

All other events will use the uniform count back system for decisions.

Count Back in Ties: Last 9, 6, 3. Then hole by hole from 18th as per Australian Uniform Count Back System.

**The Match Committee reserves  
the right to change competitions  
as it feels necessary.**

# NOTICE TO PLAYERS

## **CANCELLATION OF COMPETITION BOOKINGS:**

Players must notify the Professional if, after booking a time, it is not possible to adhere to such a time. Any breach of this will incur a warning with the first offence but will result in a one week suspension for the second offence. All players must realise that other players are missing out on a game because of non-notification of cancellation.

## **BALLS AND VOUCHERS:**

Balls and vouchers won must be collected within three months or they will be forfeited and revert to the Club.

## **PACE OF PLAY POLICY:**

### A) Prior to Play

- All players should report to the pro-shop at least 20 minutes before play.
- All players should report to the tee at least 10 minutes before play.

### B) During Play

- Each group must keep up with the group in front at all times.
- The lowest marker shall be responsible for the pace of the group
- At the end of the round score cards are to be entered in the computer by the player no more than 10 minutes after the end of the round. Cards returned after this time will be deemed as part of the time taken to complete the round.

- The following outlines the breaches for players contravening the pace of play policy:
  - a) Players completing the return of cards within 4 hrs 25 mins of tee time NO PENALTY.
  - b) Players completing the return of cards more than 4 hrs 25 mins of tee time, BUT less than 10 minutes (Stableford and par rounds) and 12 minutes (Stroke rounds) behind the group in front. NO PENALTY.
  - c) Players completing the round in more than 4 hours, 25 mins of time, BUT between 10-18 minutes (Stableford and Par rounds) and 12-20 minutes (Stroke rounds) behind the group in front. 2 STROKE PENALTY.
  - d) Players completing the return of cards more than 4hrs 25 mins of tee time and more than 18 minutes (Stableford and Par rounds) and 20 mins (Stroke rounds) behind the group in front. DISQUALIFICATION

These procedures are for Competition Play on Monday, Tuesday, Wednesday, Thursday and Saturday. Please note that the Golf shop staff have no discretion with respect to any of the above. Any disputes should be directed to members of the Match Committee. The Match Committee does reserve the right to alter these procedures in the event of any abnormal conditions.

### **COURSE MARSHALL:**

Should the Course Marshall become aware of a group falling behind, the Course Marshall has the authority to issue the group with an official warning. The group will be given 15 minutes from the point of the warning to regain their

position in the field, being directly behind the group in front. After this time has passed, if the group has NOT regained their position, they will be issued with a 2 stroke penalty. If the group fails to keep their place in the field a second time the group will be disqualified.

The Couse Marshall also has the authority to request players to pick up their golf balls and proceed immediately to their place in the field behind the group in front. In the case of a Stableford round, players would record a wipe for the holes which have not been played, and in the case of a Stroke round the players will be asked to appear before the Match Committee.

### **PACE OF PLAY TIPS:**

- Shorter hitters play first from the tee or fairway if longer hitters have to wait.
- Do not play honours on the tee, unless in an official Matchplay competition.
- Hit your shot before helping someone to look for a lost ball– most often they will find their ball while you play your shot.
- Hit your shot when safe to do so, especially if a player farther away faces a challenging shot and is taking time to assess their options.
- If your shot is off line, watch your ball carefully.
- Assess your shot, including putts, while another player is preparing to execute or is executing their shot.
- Hit your shot even if a person who has just played from a greenside bunker is still farthest from the hole but delayed.

- When a player's ball has gone over the back of a green, any player closer to the hole but chipping from the front of the green should play while the other player is having to walk to their ball and assess their shot.
- Leave the flag in place for all players unless they specifically ask for it to be removed.
- Putt, even if you are not the furthest from the hole, if that player is not ready to putt.
- Putt out even if it means standing close to someone else's line.
- Mark your score card AFTER hitting off from the next tee, not while walking off the green.
- Take no more than 40 seconds to play your stroke from when you arrive at your ball and determining it is in play.
- Place your bag, buggy or pull cart between the green and the next tee.
- If falling behind, the first two players who have completed the hole should proceed to the next tee and prepare for/execute their next tee shot instead of waiting for all players to putt out.
- If the low marker in the group asks, be prepared to speed up play. It is the entire group that may be penalised, not just one player.

Members with guests should make their guests aware of these procedures before teeing off. Should any member or guest feel that they are unable to abide by any of the above, then they should inform the Golf Shop staff immediately.

## Professional Service & Advice

The Narooma Golf Tech Centre is the first of its kind on the South Coast of Australia between Sydney and Melbourne.

These technologies provide unprecedented ability to capture club and ball data for both golf tuition and club fitting, as well as teaching software and putting analysis programs that guarantee improvement.

In conjunction with the course itself, Colin offers Single Lessons, Beginner Lessons, Driving Improvement Lessons and Even Short Game Improvement package which includes both indoor and outdoor practical analysis to best establish any faults and areas of weakness.

Call the Pro Shop to book your lesson, and
