

## **Joint Members Release**

The Narooma Sporting and Services Club Ltd (NSSC) as part of its Strategic Business Plan, issued an Expression of Interest (EOI) for Clubs who may be seeking an Amalgamation with a parent club. The EOI was issued by Clubs NSW on behalf of the NSSC.

Two responses were received, one from Young Bowling Club, which was rejected and the other from Narooma Golf Club. (NGC)

The executives of both clubs (NSSC & NGC) met in June 2019 to discuss the benefits of both clubs amalgamating. It was resolved that as both clubs were trading within their financial goals and their Strategic Plan there was no benefit to its members or the community to consider amalgamating with each other.

It is a legal requirement to advise members of both clubs that an Expression of Interest was gazetted.
